

Remarks

The specification has been amended to clarify the correct representations of the chiral centers in the amended structural formulae under the internationally accepted Cahn-Ingold-Prelog rules. More specifically, the formulae have been amended to clarify the incorrectly represented "wedge" bonds so that the formulae conform to the correctly designated "R", "S" and "R" stereochemical configuration. Applicants note that the correct "R", "S" and "R" designation appears in numerous instances in the application as filed, such as, for example, at page 10, lines 6-10; page 28, lines 1-5; page 28, lines 7-9; page 30, lines 1-5; page 31, lines 17-18; page 46, lines 4-6; page 50, line 1; page 55, lines 34-36; page 56, lines 37-38; page 58, line 14; page 59, line 24; page 61, line 6; page 63, line 6; page 64, line 20; page 65, line 25; and original claims 5, 19, 20, and 22.

Conclusion

If any minor matters remain to be discussed prior to examination, the Examiner is respectfully requested to contact the undersigned at the telephone number listed below.

Respectfully submitted,

KLARQUIST SPARKMAN, LLP
